

SPEAKING • PROFESSIONAL DEVELOPMENT • PRACTICE TRANSFORMATION

Grow the conditions for childhood to thrive.

Professional learning that gives educators confidence, shared language and practical ways forward.

“The best environments are grown, not constructed.”

Personally delivered by Lukas Ritson | TEDx speaker | Founder of Wearthly | Author of the forthcoming Ecology of Play

Drawing on a career as an outdoor educator and designer of play environments, Lukas has worked with early childhood groups across Australia and internationally, shaping experiences for tens of thousands of children. His sessions turn research, observation and years of practice into decisions teams can use every day.

CHOOSE A CONVERSATION WORTH HAVING

01	Ecology of Play	Relationships, environments and opportunity
02	Professional Bravery in Risky Play	Purpose, evidence and judgement
03	Physical Play and Brain Development	Effort, movement and emerging capability
04	Observation as Stewardship	Seeing clearly and cultivating practice
05	Safety by Design	Safer environments and confident teams

Flexible delivery 90 minute in service sessions • Half day group learning • Optional site assessment

QUEENSLAND SERVICES Ask about alignment with your Kindy Uplift priorities. Funding decisions remain with each service.
